

## Director Election Results

Thank you for participating in your local cooperative!

The 27th Annual Meeting of Heartland Power cooperative was held at the cooperative's Thompson office at 1:00 P.M. on Thursday, March 27, 2025. During the business meeting, election results were announced and three directors were officially confirmed for a three year term. Don Knudtson was re-elected to serve District 3. Michael Cole was re-elected to serve District 4. Vince Morische was re-elected to serve District 6.

Thank you to those who served on the Nominating Committee and voted. We appreciate your participation in the cooperative process!

## Cooperative Employee Appreciation Month

Join us in thanking all of our cooperative employees who are dedicated to keeping the lights on!

## Co-op Kitchen

# Annual Grain Bin Notice

The state of Iowa requires specific clearances for electric lines around grain bins, with different standards for those filled by portable and permanent augers, conveyors and elevators. According to the Iowa Electric Safety Code found in Iowa Administrative Code Chapter 199 – 25.2(3) b: An electric utility may refuse to provide electric service to any grain bin built near an existing electric line which does not provide the clearances required by the American National Standards Institute (ANSI) C2-2017 “National Electrical Safety Code,” Rule 234F. This paragraph “b” shall apply only to grain bins loaded by portable augers, conveyors or elevators and built after Sept. 9, 1992, or to grain bins loaded by permanently installed augers, conveyors, or elevator systems installed after Dec. 24, 1997. The Iowa Utilities Commission has adopted this language. Your local electric cooperative is required by the Iowa Utilities Commission to provide this annual notice to farmers, farm lenders, grain bin merchants and city and county zoning officials.

The drawings on this page show the required clearances, but your co-op’s policies may be more restrictive. If you have any questions concerning these regulations – or what needs to be done before you begin placing a new grain bin or moving an existing one – please call Heartland Power Cooperative for assistance.
